

PSCD - Broad learning outcomes

Year 10

1. I can talk about the importance of technology in our daily lives.
2. I can recognize potentially unsafe or risky online situations and behaviours and identify strategies to use when encountering such situations and behaviours.
3. I can talk about various attitudes, values and behaviours for developing meaningful interpersonal relationships.
4. I can identify the different types of abusive behaviours in relationships and the different strategies to deal with such situations or behaviours.
5. I can recognize the various stereotypes that media portrays and identify my own perceptions of these various stereotypes.
6. I can identify the skills needed to present myself for an interview and how to properly prepare for it.
7. I can write a good covering letter, a cv and develop a career portfolio.
8. I can talk about stages that take place during puberty, conception, and pregnancy.
9. I can define STIs, describe why and how they are transmitted, and the importance of condom use to decrease the spread of STIs.
10. I can recognize that legal drugs are still harmful and identify harm reduction approaches that help me keep safe.
11. I can identify strategies advertising companies use to influence one's choices and how this can influence the way one spends money.
