

PSCD - Broad learning outcomes

Year 11

1. I can recognize how all decisions are influenced by one's values and beliefs.
2. I can recognize that one can individually and collectively contribute to a better society through volunteering, adoption or fostering and the donation of blood and organs.
3. I can identify why voting is necessary for an effective democratic country and the steps needed to vote.
4. I recognize the importance of critical debate about important issues such as abortion, having sex under the influence of alcohol and sexual health.
5. I can recognize the complexity of mental health, the services offered and that mental health issues can affect everyone.
6. I can identify the different employability skills needed to pursue a career or a job and the different work alternatives available.
7. I can identify the rights and responsibilities, acceptable and not acceptable behaviour in online or offline relationships.
8. I can explain and understand the terminology associated with different sexual orientations, sex and gender.
9. I can explain what pornography is and how it can have an impact on sexual and intimate relationships and the expectations people have of relationships.
