

LU Lëtzebuerg / Luxembourg (LU) — Dokumenteregister / Registre des documents / Document Registry

Gesondheetserzéiungssystem / Système d'éducation pour la santé / Health Education

System: Éducation à la santé — SePAS / Vie et Société / EVARS

Bioregion: Continental

Reform Status: SePAS programme (2005–ongoing); EVARS sessions introduced 2023–2024; new programme structure 2025

Dëse Register lëscht all identifizéiert Quelldokumenten fir Lëtzebuerg am OneHealth EU Projet.

Ce registre liste tous les documents sources identifiés pour le Luxembourg dans le projet OneHealth EU.

This registry lists all source documents identified for Luxembourg in the OneHealth EU project.

System Overview

Luxembourg has a **highly centralised and multilingual** education system (Luxembourgish, French, German). Health education is delivered through the **SePAS** (*Service de psychologie et d'orientation scolaires*) school counselling and health support structure, and through dedicated curriculum subjects, most notably **Vie et Société** (Life and Society) and **Biologie** at secondary level. The **MENJE** (Ministère de l'Éducation nationale, de l'Enfance et de la Jeunesse) is the national authority. Luxembourg introduced structured **EVARS** (Education à la Vie Affective, Relationnelle et Sexuelle) sessions from 2023–2024, following the French model. A notable feature is the multilingual complexity — curricula exist in French and German.

A. Cadre légal / Rechtlicher Rahmen / Legal Framework

1. Loi du 25 juin 2004 — *Organisation des lycées*

- **Type:** Act of Parliament / Loi | **Year:** 2004
 - **Publisher:** Gouvernement du Grand-Duché de Luxembourg
 - **Description:** Organises Luxembourg's secondary education (*lycée*) system, providing the legal basis for subject requirements including health education components. Establishes the SePAS counselling and health support structure in all lycées.
 - **Access (legilux.lu):** <https://legilux.public.lu/eli/etat/leg/loi/2004/06/25/n2/jo>
-

2. Règlement grand-ducal — *Programmes des lycées (MENJE)*

- **Type:** Grand-ducal regulation / Règlement grand-ducal | **Year:** Various (updated regularly)
- **Publisher:** MENJE

- **Description:** The Grand-Ducal regulations define the programmes (syllabi) for all subjects in Luxembourg's lycées, including *Vie et Société* and *Biologie* which carry the main health education content. Programmes are published and updated by MENJE.
 - **Access (MENJE programmes):** <https://portal.education.lu/spos/Programmes>
-

B. Programmes curriculaires / Curriculum Programmes

3. Programme de Vie et Société — Lycée (MENJE)

- **Type:** Subject curriculum / Programme | **Year:** Current
 - **Publisher:** MENJE
 - **Description:** *Vie et Société* (Life and Society) is the primary health and social education subject in Luxembourg's lycées. Content covers: personal development, relationships, sexuality, social responsibility, citizenship, and ethical dimensions of health. The subject carries content equivalent to SPHE (Ireland) or EVARS (France).
 - **Access (MENJE portal):** <https://portal.education.lu>
-

4. Programme EVARS — Sessions d'éducation à la vie affective, relationnelle et sexuelle (2023–)

- **Type:** Structured programme | **Year:** 2023–2024 (introduction)
 - **Publisher:** MENJE / SePAS
 - **Description:** Luxembourg introduced structured EVARS sessions in secondary schools from 2023–2024, coordinated by SePAS counsellors. Content follows the French EVARS model: body, emotions, relationships, consent, sexuality, STIs, digital dimension. Sessions are delivered by trained SePAS staff.
 - **Access (MENJE):** <https://www.menje.lu>
 - **SePAS:** <https://portal.education.lu/spos/>
-

C. Données de santé / Gesundheitsdaten / Health Data

5. HBSC Luxembourg 2022 — Health Behaviour in School-aged Children

- **Type:** Research report | **Year:** 2022 | **Publisher:** Luxembourg Institute of Health (LIH) / WHO
 - **Description:** Luxembourg's contribution to the international HBSC study. Data on health behaviour, wellbeing, and risk behaviours of Luxembourg adolescents. Notable for data on multilingual student populations and the particular socioeconomic context of Luxembourg.
 - **Access (LIH):** <https://www.lih.lu/en/research/population-health/hbsc>
-
